

The greek firm “ **KARABOTSIS**” pionner in cement decorations , is a company specialized in exterior decorating, renovating and up grade front sides of buildings and residence in general.

Our large compilation of cement decoratives are inspired by the classical era and by the modern aesthetics also.

The optimum quality of materials and the continuous technical develoment, establishes our products the best in market and our works unaffected in time and climate conditions .

The biggest advantage is the avoidance of rust and costly painting.
